

AWPC-2021-MH001DATE

January 28, 2021

To: All Owners/Operators/Service Centers

Reference: Logistic Center Move

Dear Customer / Operator,

This letter is to inform you of a pending change within the US logistics network of Leonardo Helicopters Philadelphia. Effective Friday, January 29, 2021 we will move our Distribution Center from Las Vegas, Nevada to a new location in Denver, Colorado.

We expect the move to have a small impact on our operations, and we expect to be back up fully operational in the new location within a week's time starting Monday, February 8, 2021.

This move is made to further our efforts of continuous support improvement for our owners, operators and partners of Leonardo Helicopters. Based on the successes we have achieved in our former Nevada location in support of our operators' base, we have continued our contract with our 3rd party provider for the logistic warehouse. With this move to Denver, we are excited for the opportunity to better serve our Leonardo family within the Mid-West and West Coast region, as well as the ability to any location within the US and globally 24 Hours a day/7 days a week.

If there are any questions or concerns regarding this move, we please ask that you contact your Customer Support Manager directly for immediate response.

The Leonardo Helicopters global team wishes continued success to all our partners in 2021.

Best Regards,

Michael Hotze
